

## J.W. CRANE MEMORIAL LIBRARY GRAND OPENING

Canada's largest and most comprehensive special library on aging - the J.W. Crane Memorial Library, enjoyed its official grand opening at Deer Lodge Centre January 30th, 1992.

The opening culminated months of preparation beginning in the spring when the Toronto based Canadian Geriatrics Research Society donated the J.W. Crane Memorial Library of Geriatrics and Gerontology to Deer Lodge Centre. The library was named after the late Dr. J.W. Crane, founding dean of medicine at the University of Western Ontario, whose personal collection formed the nucleus of the library.

In what was considered a coup for Deer Lodge Centre, over 4300 books, 1670 articles reprints, vertical file materials and audio cassettes and a periodical index of 15,000 articles arrived at the Centre adding to the DLC library's already substantial acquisitions:

The impressive collection and extensive resources of the new Crane Library at Deer Lodge, including computer searches, reference and lending services have resulted in the creation of a national resource here in Winnipeg. As a result Librarian Consultants Judy Inglis and Laurie Blanchard, along with Library Technicians Janice Saunders and Christine Shaw-Daigle are faced with the challenge of responding to a wide range of requests coming from across the country and beyond. Other geriatric facilities in Winnipeg

and rural Manitoba have particularly benefited from the proximity of the new Crane Library.

Considerable effort and expense went into preparing the library for service, and the main contributors were recognized at the grand opening. The Canadian Geriatrics Research Society (CGRS), the Energy and Chemical Workers Union and the Winnipeg Foundation were acknowledged as major contributors.

The grand opening ceremony included messages from Hon. Don Orchard, Mayor Bill Norrie, Ken Whiteside of CGRS, Mary Jane McIntyre, Chair of the Deer Lodge Centre Foundation and Hugh McGrath, Chair of Deer Lodge Centre Board of Directors. Tours of the exciting new library followed the official ribbon cutting.

## FROM THE PRESIDENT

Marilyn Brooke

This is the last time I will be writing to you as president. I can hardly believe the year has gone so quickly and spring is here again. It has been a fairly quiet year for the association with most of our activity focused on planning and preparing for the CHLA Conference in June. I am in the midst of two moves at work. The Audio Visual Section of the Information Resources Centre is moving next door in the same building at 880 Portage Avenue on April 8. The Manitoba Health Services Commission Library is moving to 880 Portage Avenue and will be amalgamated with the Information Resources Centre on April 7. (More details about the move elsewhere in this newsletter).

I hope you will all get out your CHLA Preliminary Programs right now and send in your registration. For once it's right here in Winnipeg so no travel requests needed! Also, please consider volunteering to help at the Conference. It's great fun meeting all the Conference attenders and being a part of the 'behind the scenes' effort. contact Judy Inglis, Ada Ducas, one of the Conference Chairs or myself to sign up today!

It's been a great year as president and I'd like to thank the executive and all of you for your support during the year. See you at the meeting on April 29.

### VOLUNTEERS URGENTLY REQUIRED!!

Volunteers are urgently required to staff the Registration/Hospitality Desks at the upcoming CHLA conference. Please call Pam Green ASAP at 788-6466 and leave your name and phone number. Volunteers will be required on June 5 in the evening, and all of the day on June 6-10. If you can only work at certain times, please be sure to advise Pam.

The *MHLA news* (ISSN 0848-9009) is published three times a year in September, February, and April by the Manitoba Health Libraries Association. The opinions expressed herein by the editor and contributors are not necessarily the official policy of the Association. Any articles not specifically credited may be assumed to be the work of the Editors. Distribution is free to both individual and institutional members of the Association and to other regional chapters of the Canadian Health Libraries Association.

1991-92 membership dues in MHLA are as follows:

PERSONAL	\$15.00
INSTITUTIONAL	50.00
ASSOCIATE	20.00

This issue of the News was produced using WordPerfect v5.1. It was printed in Palatino using an Nec LC 890 Silentwriter. Submissions for the Fall issue should be received by Apr. 3, 1992 at the following address:

Secretary ..... Jan Johnson  
Treasurer ..... Gail Kohut

## Update RRCC Technician Program

The Red River Community College Library Education Advisory Committee met February 11, 1992. At this meeting, David Williamson, Dean Business and Applied Arts, announced the College intends to begin offering a two year Library Technology Diploma Programme starting September 1993. This programme will replace the current one year Library Technician Certificate.

### HOW ABOUT A STUDENT ?

The Red River Community College Library Technician Programme incorporates three terms of work practice in its curriculum; a one week on-the-job training session in term one and two week placements in each of terms two and three.

Specific dates for each of these placements are set on a yearly basis. Work practice usually occurs once in the last week of November; the second in March and the third in May.

Any library interested in having a student worker at these times please contact the Library Technician Programme at 632-2450

**Read All About It!**

## MANITOBA HEALTH LIBRARIES AMALGAMATE

The MHSC Library and the Information Resources Centre amalgamated their staff and collections at 202-880 Portage Avenue on April 8, 1992. All services and interlibrary loan requests previously directed to the MHSC Library will be handled by the combined IRC staff.

Interlibrary loan: 945-1711  
Reference: 945-8000  
Fax: 945-5063

Vera Ott will be looking after reference, circulation, routing cataloguing etc. and can be reached at 945-8000

## ATTENTION! RURAL MHLA MEMBERS

**FREE DRAW! FREE DRAW!**

## ATTEND CHLA 92 CONFERENCE IN WINNIPEG

## WIN PAID REGISTRATION FEES!

The Manitoba Health Libraries Association is sponsoring a free draw for rural members interested in attending the Canadian Health Libraries Association National Conference, to be held in Winnipeg from June 6th - 10th. The lucky winner will have his/her registration fees paid by MHLA. Conference registration provides the opportunity to attend all program sessions, see the latest titles and technology in the exhibitors hall and also includes tickets to the opening reception and a chance to kick up your heels at a western-style barbeque at the Hitch 'N' Post Ranch. This is a terrific chance to attend a national conference and to meet and mingle with colleagues from across the country so get your entries in now!

### How to Qualify

1. You must be a current paid member of MHLA.
2. You must be from a rural area
3. You must be attending for the first time

To enter: complete the form below and return it by mail or fax to Marilyn Brooke President, MHLA by April 30th. Entry forms can also be handed in at the MHLA annual general meeting on April 29th. The winner will be notified by phone immediately after the draw.

## From the MHLA Union List of Serials Committee

Bev Brown, Chair

In this issue of the newsletter you will find all additions and changes to the union list that have been reported to the Committee since publication of the list. You can replace the insert printed in the last issue of the News (Winter 1992) with this cumulation.

A proposal to mount the union list onto Bridge, the online catalogue of the U of M. and St. Boniface Hospital, was put forward at the February meeting. There was general discussion on how the records would be entered, what the screens would look like, and what the searching mechanisms would be. Some concern was voiced about a possible increase in ILL activity but it was felt that the convenience of having an up-to-date listing online would outweigh any possible increase in workload.

Strong support was shown for the project. The Committee's work now will be to set up the technical parameters with the university's libraries systems office and establish procedures for entering and maintaining the database. Once this work is done, we hope to be loading serials records in the coming months. Look for an electronic MHLA union list soon in your library!

## ADDITION TO NLM CLASSIFICATION

The following additions have been made to the NLA Classification, 4th ed., rev. 1981. Catalogers and others who own this volume may wish to annotate their copies with the additions listed below.

### I. Additions to Table G, NLM Classification

- p. xxxix add: DW5--West Indies
- p. xli add: HZ7--Zimbabwe
- p. xli add: JN4--Nepal
- p. xli add: JS2--Saudi Arabia
- p. xli add: JY4--Yemen
- p. xli add: LA2--Indian Ocean Islands

### II. Additions to NLM Classification Schedules

- p. 80 at WC 406 add:  
"Lyme disease" to the heading to read: borrelia infections. Lyme disease
- p. 108 under WG 141.5 Specific diagnostic methods, A-Z, add:  
.R3 Radionuclide imaging  
.T6 Tomography
- p. 147 under WM 450.5. Special types, A-Z, add:  
.W9 Writing

### III. Additions to NLM Classification Index

- p. 254 Under Cardiovascular System add:  
Radionuclide imaging WG 141.5.R3  
Tomography WG 141.5.T6
- p. 300 under Heart add:  
Radionuclide imaging WG 141.5.R3  
Tomography WG 141.5.T6
- p. 321 add: Lyme Disease WC 406
- p. 397 under Writing add:  
In psychotherapy WM 450.5.W9

## THE RED CROSS HAS A LIBRARY!

Ryan Schultz

The Canadian Red Cross Society is a volunteer-based organization which provides emergency relief and humanitarian service to the public through the operation of national blood service. The Blood Transfusion Service of the Canadian Red Cross in Winnipeg houses a small special library in the field of blood banks, blood transfusions and related medical areas. Tucked away in an office at the end of a long corridor of blood testing and research laboratories, the collection consists of approximately 400 monographs and 30 serials subscriptions, and serves the staff and researchers of the Winnipeg Branch.

Unfortunately, over time and with continued growth the collection has become disorganized. No attempt at cataloguing or classification of the materials has been made. There has been no weeding of materials, some dating back as far as the 1940's. Because of these problems, this extensive collection has received little notice or use.

Since March 16th, Ryan Schultz, a volunteer librarian, has come in several hours per week to analyze and organize this collection. The goal of this project is to improve the in-house and ILL access to this valuable hematological collection. The work so far consists of two parts. First is a physical reorganization of the library materials by format (serials, monographs, conference proceedings, annual reports, newsletters, etc.). Second is an evaluation of microcomputer-based library systems to control the acquisitions, cataloguing and circulation of materials.

Work is proceeding slowly but steadily. Response of the Red Cross staff to a preliminary reorganization has been very good. A microcomputer with a hard drive has been obtained and set up, and evaluation of library software packages has begun. Further information on this library collection can be obtained from:

Ryan Schultz  
Library, Blood Transfusion Service  
The Canadian Red Cross Society  
226 Osborne Street North  
Winnipeg, Manitoba R3C 1V4

## The Grace gets computer

The Grace General Hospital library has been equipped with a CD-ROM disk drive and a Laer Jet III Printer. At present they have the following databases:

CINAHL	- 1983 to present
Healthplan	- 1981 to Feb 1992
Medline	- 1983 to the present

They are also currently hooked in to the Victoria Hospital's LAN system on a trail basis, but have not yet had a chance to evaluate it fully.

The following is a list of MHLA committees that need your help. If you would like to be a member of any of these committees please fill out the tear off sheet and return it to:

Marilyn Brooke  
Information Resources Centre  
202-880 Portage Ave  
Winnipeg, MB  
R3G 0P1

### 1. Publications Committee

- attempts to make the activities of the Association known to a wider community of health library personnel and potential members through written communications. Also scrutinizes all publications prepared and distributed by the Association.

### 2. Serials Holding Committee

- maintains and updates the Association's Union List of Serials Holdings

### 3. Programme Committee

- makes arrangements for regular interest programmes to accompany general meetings. The programme committee tries to arrange at least two programs per year. The committee also should liase with and may work cooperatively with their counterparts in other provincial library associations. As well the committee publishes a regular calendar in the MHLA News listing any programs and events that might be of interest to MHLA members

### 4. MHO/MHLA Planning Committee

- makes arrangements for the MHLA-sponsored sessions at the annual MHO Conference.

### 5. Nominations Committee

- solicits nominations for election to office.

## THE ROCHESTER STUDY

The final report of the Rochester Study "Impact of Information on Clinical Decision-Making", research directly by Joanne Marshall, is now available. The study demonstrates the importance of the hospital library to patient care. Some of this information has been published as a letter to the editor: "Financial Threats to Hospital Libraries" by Robert J. Joynt, Joanne G. Marshall and Lucretia McClure JAMA Sept 4, 1991; 266(9): 1220-1221. The information will also be published as "the Impact of the Hospital Library on Clinical Decision-Making: the Rochester Study" by Joanne G. Marshall in BMLA in April 1992. These are invaluable reading for all of us involved in fighting for scarce resources and sometimes even for survival.

**ORDER FORM:  
"IMPACT OF INFORMATION ON CLINICAL DECISION MAKING:  
FINAL REPORT"**

NAME: \_\_\_\_\_

LIBRARY: \_\_\_\_\_

INSTITUTION: \_\_\_\_\_

ADDRESS: \_\_\_\_\_

CITY: \_\_\_\_\_

Please send me \_\_\_\_\_ copies at \$15.00 U.S. each

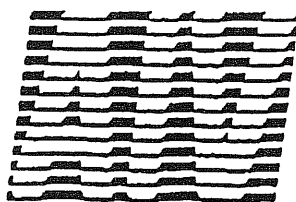

☐ Amount enclosed \_\_\_\_\_ (make check payable to: Rochester Regional Library Council)

☐ Please bill me.

### COMPUTER ASSISTED INSTRUCTION AT ST. BONIFACE HOSPITAL

In December 1991, a Computer Based Learning Centre ("Computer Lab" for short) opened at St. Boniface General Hospital. At present, the Centre contains three Interactive Video Workstations, six PC's, and one Apple IIe. A printer is networked to all PC's. The courseware used is all interactive and consists of Interactive Video Disks (IVD's) and Computer Assisted Instruction programs (CAI's).

The response to computer based instruction has been positive. Students and faculty say that 24-hour a day access to the Centre's menu-driven courseware reduces many of the barriers to utilization. Faculty who have little or no exposure to computers find access and use easier than they had initially anticipated. They have begun to use computer assisted instruction as a teaching strategy, and students who have had no previous experience with computers are eager to come back and try more.

The following software titles are presently in use.

#### Interactive Video Disk (IVD's)

##### IVD 1 The Suicidal Adolescent

Produced by the National Institute of Mental Health and the National Library of Medicine, Washington DC, 1987

##### IVD 2 The First and Second Heart Sounds

Produced by Datastar Education Systems, Edmonton, 1988

##### IVD 3 Intravenous Therapy

Produced by Fuld Institute for Technology in Nursing Education (FITNE), 1989

##### IVD 4 Nursing Care of the Elderly Patient with Chronic Obstructive Pulmonary Disease (COPD)

Produced by American Journal of Nursing, New York, 1988

##### IVD 5 Therapeutic Communication

Produced by FITNE, Athens, Ohio, 1990

##### IVD 6 Managing the Experience of Labour and Delivery

Produced by Health Sciences Consortium, Chapel Hill, NC, 1989

##### IVD 7 Nursing Care of Elderly Patients with Acute Cardiac Disorders

Produced by American Journal of Nursing, 1989

#### COMPUTER ASSISTED INSTRUCTION (CAI's)

##### ABG'S

Produced by Medware, San Francisco, 1986 updated 1990

##### Clinical Nursing Concepts: Computer Simulations

Produced by Professional Development Software, Chapel Hill, NC, 1990

##### MEGACODE

Produced by Medware, 1987, updated 1990

##### Nurse-comps: Nursing Interventions for the Client with Pregnancy induced Hypertension

Produced by J.B. Lippincott, Philadelphia, 1989

##### Nurse Procalc

Produced by Professional Development Software, 1990

##### Nursims: Beth Popil, A Child with Ventricular Septal Defect

Produced by J.B. Lippincott, 1986
